Kettal Pi: A Flexible Space Organization System

PI is an innovative micro-architectural system designed to redefine the work environment. Its flexible structure creates distinct areas within the office, providing spaces where people can isolate themselves from the general surroundings to meet or work without the need for closed doors. Unlike traditional rigid office planning, PI offers a simple yet multifunctional furniture system, allowing the freedom to design the optimal space for each task.

Maintenance

Clean with mild soap using a sponge or cloth. Be gentle during the cleaning process; avoid aggressive scrubbing of the seater. After cleaning, ensure you remove any excess soap.
